## WITCHES IN EXILE

10-21 October 2025  
Vernissage 10 October at 6pm

Androne 870, Palazzo Contarini Polignac  
Dorsoduro 30123 Venezia

Through powerful portraits, *Witches in Exile* gives voice to women in Ghana accused of witchcraft and forced into exile.

Ann-Christine Woehrl captures their resilience and dignity, transforming silence and stigma into a striking testimony of courage and survival.

Developed in collaboration with Simon Ngota and the NGO Witch-hunt Victims Empowerment Project (WHVEP), the exhibition is both an artistic statement and a call for social justice.
